# Tammy and Tony On-line

Tammy and Tony are on-line on the Internet. Tammy and Tony are in different rooms (at home or at school). Are they in a “chat room” talking with strangers? Are they trading pictures with people? Are they visiting “adult” sites? You decide what a typical teenager might do on-line. There are bubbles above their heads. The bubbles show what they are thinking.

### **What are Tammy and Tony thinking?**

Please write in the bubbles. You may write in any language you like. One-word responses are fine. The focus is on ideas.
